DAHLIA LIST

1932

You will not find the following list of Dahlia tubers a long one. But it contains many fine Dahlias, both of the new varieties and of the standard ones. I have headed the list with Monmouth Champion, truly a wonderful Dahlia both for size, beauty of color and above all, a good root maker. Minnie Eastman, The World, Dorothy Stone, Fort Monmouth, Kathleen Norris, Seals Californian are outstanding new varieties which have proved their worth, and for the person who doesn't want to invest quite so heavily, Jane Cowl, Silverado, Robert Treat, Daddy Butler, Jersey Beacon, E. T. Bedford, F. T. D., Marmion, Marq. Woodrow Wilson, Trentonian, all good as ever but lower in price by reason of being on the market longer.

And then the standards: Mrs. I de V. Warner, Jersey Beauty, Sagamore Cigarette Papillion, Dr. Trevis Mariposa, in fact there isn't a Dahlia on the entire list that will fail to bring gladness to yourself and joy to everyone who sees your garden.

However, if there is some Dahlia that you especially desire which is not on the list, write to me; perhaps I can secure the same for you.

Please Read Before Ordering!

The following list of Dahlia tubers are not the offering of a professional Dahlia grower. Rather this sale is prompted by the fact that I have room to plant only a small portion of the tubers raised in our garden each year and, wishing to dispose of the surplus tubers, I am offering this list of purchases and surplus stock. I am quite sure that a careful checking of the prices asked will show a substantial saving by purchasing from this list.

Terms of sale: Cash with order.

Guarantee: I have exercised the greatest care in keeping our Dahlias properly tagged. If, however, any should prove not true to name, I will replace them. Only tubers showing a growing sprout will be sent out. But there are so many things affecting the tubers from the time of shipment I cannot guarantee they will grow. Only first class tubers will be shipped.

Substitution: I will not substitute if unable to fill your order. All orders accepted subject to prior sale.

Please order early and avoid disappointment. If I am out of a particular variety on your order, it will give me an opportunity of trying to secure additional stock, thereby avoiding disappointment.

Postage paid on all orders over \$3.00; on orders for less than this amount include 5 cents per tuber to cover cost of sending.
